Since you can just conserve the data in your computer unit as well as gadget. So, it allows you read it all over you have willingness to read Death: A Picture Album From Brand: Gestalten

DEATH: A PICTURE ALBUM FROM BRAND: GESTALTEN PDF

"Disturbing, macabre, and moving: the images in this book examine our enduring desire to make peace with death. Chosen from the spectacular collection of a death-obsessed print dealer from Chicago, Richard Harris, they include art from an array of time periods, places, and traditions. Works by Linda Connor, Robert Mapplethorpe, Andy Warhol, Otto Dix, and Francisco Goya are shown alongside Renaissance vanitas paintings, Japanese Ukiyo-e woodcuts, photographs of Mexico's Day of the Dead and eerie snapshots from 1900s of anonymous sitters posing with skulls and skeletons.

The book is divided into five sections (Contemplating Death, The Dance of Death, Violent Death, Eros & Thanatos, and Commemoration), each accompanied by a short introductory text. In these pages we are presented with some of the many faces of death: violent and cruel, benign and playful; death the friend and death the enemy. The epitome of terrible beauty, this book is a reminder of the end awaiting us all. "

Beautiful Book

By MoonFamily

I gave this as a gift. My friend was very pleased and said she had never seen many of the beautiful pieces in the book which, is impressive as she did her thesis on Memento Mori and Victorian Mourning Jewelry. Very pleased.

Badly Designed and Cheaply Printed

By linda jones

This book is just awful. I was hoping it might have items from the Wellcome Collection, but instead this book is filled up with badly recycled images that anyone can find on the Internet - it kind of insults my intelligence, as if pretending no one has ever really seen these images before.

There is absolutely nothing new here. Many of the images in the book you will recognize as having been upcycled-to-Death on Etsy for years now. What on earth were the editors thinking???? I have purchased books by the Wellcome Collection in the past that were actually about the Wellcome Collection but this - this is just a bad regurgitation of work everyone has already seen before mixed in with horrible digital artwork and images we have already seen a bazillion times before i.e. Mexican Death Art. The portraits with the skulls in place of faces is so incredibly cheesy - why this was even considered in the book is beyond comprehension.

Unfortunately they also went the cheap route when having the book designed, imaged and published because the book feels cheaply made and looks cheaply made.

I will not be giving up precious bookshelf space for this book.
