FIERCE: A BAD BOY ROMANCE (CHICAGO UNDERGROUND BOOK 3) BY SKYE WARREN PDF

"...they were fascinating, kept me completely engrossed, and had me dying to know what was going to happen next." ~ Lori's Book Blog

I'm torn between what I want and what I need. Between the men in my past and the man by my side. Colin has tried to control me, to use me. But he also guards me so fiercely my heart aches.

Raincheck. Business. Don't wait up. —C

That's the note he leaves for me, as if I could sit around while he fights my dragons. As if I could let himself get killed in some vain attempt to protect me.

There's no protection left for me. No redemption either.

This is my battle, and I've already lost.

"Dark and edgy...but don't be fooled. There's a wonderful love story running through this book." ~ Charlotte Stein, author of Sheltered

Author's Note: FIERCE is a dark new adult romantic suspense novella in the Chicago Underground series. This series spans multiple couples and does contain cliffhangers. This part was previously published in Giving It Up by Amber Lin.

Books in the Chicago Underground series:

1. Rough
2. Hard
3. Fierce
4. Wild
5. Dirty
6. Secret
7. Sweet

Or you can get the bundled versions:

1. Rough Hard Fierce
2. Wild Dirty Secret

Couldn't Put Down

By Anne P.

I devoured all 3 books in one day. The story was gripping and I was so anxious to get to the end. I love a strong, silent hero like Colin and Allie was surprisingly strong in spite of the hell she'd been through. She easily could have been written as a weak, spineless character, but she had so much heart and she did the best she could for herself. I also loved how she never gave up on Colin.

SPOILER: The only reason I didn't give this book 5 stars was because I wanted a little more time happy time with Colin and Allie. Once he finally opened up to her I would have loved to see them spending time with Bailey and just enjoying themselves. I wouldn't have minded an epilogue either, but hopefully we'll see these characters again when we get Shelly's story.

Too amateurish in the writing style and content

By Avid Reader

Fierce - I wasn't impressed with this book. A lot of college fighting, drugs, etc. Poor amateurish writing and story line like this was the writer's first novel. And the seriously over use of the title word 'Fierce' kind of clinched that concept for me, like the author thought we wouldn't be able to connect the title without her over using the word in the book.

A riveting series finale!

By Kim R.

When I first began this final installment of the ROUGH, HARD, FIERCE trilogy, I figured I'd read a couple of chapters and go back to it later. Wrong! I literally couldn't put this novella down and devoured it in one sitting. FIERCE is a fast-paced page-turner, chock full of intense emotions, and it sure hits the mark!

These three connected novellas in the Chicago Underground series have very much been about Allie's emotional journey, and Ms. Warren did an impressive job of showcasing a teenage rape survivor's difficult, often arduous, transformation from self-loathing to self-empowerment. When we first met her in ROUGH, she was a downtrodden young single mom who was barely coping, but after facing down unspeakable heartache and danger, and coming out the other side, she finally emerges as a strong, vital, "kick ass" woman who fights hard for those she loves. And, in the process, she finally learns to love and respect herself as well.

The suspense arc featuring the Chicago crime syndicate, which has been building throughout the past two books, reaches a fever pitch fairly early in this story, culminating in an explosive showdown where lives--and hearts--are shattered. Perhaps forever? Once memories of the explosive gunshots and fiery inferno

slowly fade away, the crux of the story focuses on the emotional fallout of all the betrayals, secrets and lies that the key players have been embroiled in. No one escapes unscathed...especially Allie and Colin. Tensions have been running high for this emotionally-adrift duo since the end of *HARD*, and when Allie's "treachery" is fully exposed at the most inopportune time, the rift grows even wider. As eloquently stated in the ms, "Trust was a rare and precious thing, like a jewel" and when it was lost the ramifications were great indeed.

There is a lot of restitution that needs to be done to do to repair this couples fractured relationship, but their devotion to each other—and baby Bailey—still binds them together in profound ways. Nonetheless, if you thought a normally reticent Colin was difficult to live with, well that was NOTHING compared to an angry, ticked off Colin. Feeling betrayed by the woman he risked everything for to claim as his own, he licks his wounds for a long, long time. Okay, perhaps TOO long, if I'm being honest. His hurt and disappointment felt so palpable, I found myself quaking right alongside Allie every time he glowered darkly in her direction, or punished her with his stone cold silences. But just when I reached the point when I thought to myself, "Enough is enough, Colin...get over it already!" he'd up and do something so disarmingly sweet or chivalrous that would make me worship him even more than before! Actions definitely speak louder than words where this tough, taciturn hero is concerned, and it was never more apparent than in this book that he'd would always be there to save Allie, to soothe and shelter her and little Bailey. Even when he was being a total jerk!

If, for some reason, readers hadn't already fallen in love with Colin in the first two books, I guarantee they will by the end of this one when we finally learn the heartbreaking truth about the enigmatic loner's past, his inner torment, and the lengths he'll go to protect his own. And even though the steam factor is more subdued in this book than the first two installments, Colin and Allie's pent up desire for each other still churns beneath the surface, and it finally all comes to a head during a hot, heated confrontation that lays everything bare. A gripping full circle moment that is hauntingly reminiscent of how they first met—ultimately paving the way for a HEA that it left me with a big, goofy grin on my face.

Although Allie and Colin's story arc ends here, there is much more to come! Ms Warren provides a nice segue in this book to the *WILD, DIRTY, SECRET* novellas, featuring Shelly and Detective Luke Cameron's forbidden romance, and their Chicago Underground story promises to be equally delicious!
