Finding Baby J, by Lorraine Nelson, is a definite must read. A medical romance with endearing, altruistic characters that make you want to keep reading. Kagan, successful but dissatisfied, is searching for all that is missing from his privileged life. Shana, determined to overcome life's blows, is trying to build a life. Baby J brings them together while circumstance tears them apart. Someone close to Kagan is digging up Shana's past. Will the baby that brings them together keep them together? Sweet and sexy all the way.

5 stars A wonderful heartfelt read September 12, 2012 By DJ Frazier

I read it twice and each time I cried at different parts. For a romance with a happy ever after it offered a full range of emotions. The ending for me is what made it so satisfying. Shana is the kind of woman we all can admire and relate to. It was a truly enjoyable read. I'll be waiting to see if others felt the same way.

One lonely woman, a doctor afraid of commitment... Will finding Baby J help them find each other?

Shana Davis knows what it's like to be unloved and unwanted. Her childhood involved being shuffled from one foster home to the next. One night, as her shift at Mercy hospital comes to an end, she hears a forlorn, mewling sound and finds a newborn baby boy left in a dumpster. The abandoned baby appeals to her soft heart and her immediate attachment to the child—dubbed Baby J—leads to her spending a lot of time in the Maternity Ward in the company of the handsome Dr. Daniels.

Dr. Kagan Daniels is heart-sore and commitment-shy due to his failed marriage and past experiences with selfish, cold-hearted women. But he sees a gentle, caring soul in Shana and is drawn to her. Despite his reservations, he realizes he wants to get to know her better and finds excuses to spend time in her company. Having always wanted to be a daddy, Kagan adopts Baby J. As he and Shana grow closer, Shana feels she's found her own private heaven. She has Baby J and the man of her dreams. What more could a woman want? But a conniving woman, a manipulative mother, and a man from Shana's past threaten to come between them. Will the lies spewed by others separate them forever? Or can their love win out over all?

Lorraine Nelson is a superb romance author

By Michelle Fayard

When I was growing up, it seemed as if I always were in the middle of a romance novel, thanks to my mom bringing home sacks of paperbacks from the second-hand bookstore. I learned then what strong powers a good read has when it comes to taking you away from present problems and returning you refreshed.

With her warmly real characters, excellent dialogue and fast-paced plots, author Lorraine Nelson excels at delivering memorable reads. I knew Ms. Nelson had succeeded in transporting readers via the magic carpet of words when it finally dawned on me that I was thinking, gosh, how appropriate is it that the heroine, Shana Davis, calls the abandoned newborn she discovered Baby J, for John Doe, and the hero, Dr. Kagan Daniels, wants to give the baby the Daniels family name of Jarrod; good thing Jarrod starts with J, I thought—then started to laugh when I realized I'd forgotten for the moment that the book wasn't real, and of course the names could match!

Another thing I really respect about Ms. Nelson's writing is that so often when a romance book's "black moment" arrives, it seems to have to mean that the hero and heroine now have to be at one another's throat; that always makes it difficult to believe the couple ever could have a chance at coming to a point where they'll be able to build a long-lasting true love. Not so with Ms. Nelson's books. With Finding Baby J, you have two people who have experienced life and its sometimes resultant pain but who haven't become bitter or twisted, with the heroine or hero expected to solve the problem and fix the other person, which never works any how.

Finding Baby J is all the better book for being real while being a wonderful vacation from a sometimes crazy word. The day I discovered Lorraine Nelson's books was a very good day indeed!

life doesn't always go as planned as people from the past come forward and try to kill their happiness. Such a wonderful story

By Alexia Janie Evans

"Finding Baby J" by Lorraine Nelson is a story about an infant 'baby J' who is left in a dumpster. Shana Davis and Dr. Kagan Daniels both work at Mercy Hospital and become attached to this little baby. Kagan decides to adopt the baby and he grows closer to Shana. However, life doesn't always go as planned as people from the past come forward and try to kill their happiness. Such a wonderful story. I didn't want to put the book down.
