A lifetime of better digestion for three dollars.

Thanks to the Universe for food combining. I learned it from Mr. Nelson, and have lived it for over 20 years, with wonderful results. No more stomach aches that sent me to the floor writhing in pain; no more diarrhea; no more constipation. And I don't have to buy pills or potions over and over again!

Not worth the price

Although the idea is OK...The book is highly over-rated for a cost of over \$60.

It is just better to know to eat meat with vegetables and eat bread with salad and other vegetables.
