This has been an answer to prayer for me as I have worked through this book repenting for my ancestors participation in Freemasonry. I am getting free. This is not for those who are looking to be skeptics but those who are being spirit lead and wanting to be free from lines on inequity that control and trigger them back into sin patterns.

Mind blowing, eerie, sigh of relief... things I thought of while reading just the first chapter. As a person who descends from UK lineage, this book answers not only a lot of questions, but answers the most important one: "How do I get free?" Although the journey through the book is one that takes time and prayer and effort to engage, the results are well worth it. Even from the first prayer in the very first chapter I felt things break off and feel a difference. Praise YESHUA!!
