When Hospice Nurse, Birdie Larkin loses two of her favorite patients back to back, she decides to take a leave of absence and spend summer with her sister in New Mexico. The only thing on her mind is relaxation, reconnection with her family, and healing. Fate has other plans. From the minute, she meets Clue, a connection forms. Undeniable, all consuming and complicated, their bond lands her neck deep in his struggle to deal with his mother's failing health. To have the future she once dreamed of, she must face the ghosts of her past and have the courage to move toward the future.

"Clue "Nigel Gibson is drowning. Caring for his cancer-stricken mother, dealing with grief, and handling Dueling Devil's MC business has stretched him to the breaking point. When his mother opts to end her Chemo treatment, he's thrust into a world of darkness, anger, and confusion. Then Birdie appears bringing hope, clarity, and a chance at love. The innocent girl sparks emotions inside him, he's never experienced. Determined to claim her, he sets out to show her how a real man treats his woman.

Touching

By onesmartcookey

This is a story about life, love, and lost. The story is centered around Birdie and Nigel. They discover each other in thru love at first sight, but it is ultimately death that cements their fate. This book touched my heart and I was melancholy after reading because it touches you to lose a parent. But the strong love of a partner can pull you through and that's what Birdie is for Nigel. Thank you for writing this story during Breast Cancer Awareness Month.

Clue

By andrewsheath

Clue sometimes has to put things in perspective for his woman, "what I want from you has nothing to do with your job skills and everything to do with those full lips and that banging a**. I'm trying to take it slow and show you I respect you. Fact is, if I could, I'd take you right here in this car." Clue can be carefree with his woman, "you doubting me already?" he asked, palming her a** with both hands . He lifted her up, rubbing her against the bulge in his pants." I enjoyed this book, I loved Clue.

She is light in his darkness

By Erica Allen

I am a big fan of this author and I've read a lot of her books but she seems to excel at writing The Dueling Devils series...each one of her couples are unique and made for each other.I didn't think anything could top her last DD book Pan's Salvation but top it she did.Nigel(Clue)and Birdie are made for each other....I want more of Clue and Birdie correction I want more of Dueling Devils!
