Embodies several invaluable messages for young people

By Midwest Book Review

Howard B. Wigglebottom Listens to His Heart is a children's picturebook that embodies several invaluable messages for young people. When young rabbit Howard B. Wigglebottom is mocked by his peers for dancing, he decides he will never dance again. But when he confides his sadness to his grandfather, his grandfather reminds him that he comes from a long line of Wigglebottoms who love to dance. Howard's grandfather teaches him that he should dance because it's fun and he loves it first and foremost! A list of suggestions for lessons or reflection and the end of the book go over the central themes of feeling something one's heart, the value of confiding in a trusted older person, issues that can affect self-esteem, the value of trying something different for the fun of it, and the benefit of connecting with one's roots and family legacy. Perhaps the most important message is to "Be proud of who you are!" Highly recommended for public library collections as well as for children's bookshelves.

10 of 11 people found the following review helpful.

Dance like no one's watching  
By Amanda Richards  
Howard really loved to dance  
He'd shimmy and he'd jiggle  
Every time he got the chance  
He's do his little wiggle

But one day the kids at school  
Made jokes as children will  
Ashamed of being made a fool  
He felt his ego chill

He wanted to be debonair  
He wanted to belong  
Alas, alack, to his despair  
Things kept on going wrong

This book shows that even though  
Things may not look too bright  
A friend can be the one to show  
You how to make things right

Do your best, hold your head high  
Be proud, at least you've tried  
In time you'll find the reason why  
You feel so good inside

This is a follow up to the book Howard B. Wigglebottom Learns to Listen, and deals with an issue that affects every child at one time or another. Told in simple language with beautiful illustrations, this is a must read for any child experiencing a period of self-doubt. Recommended for ages 7 and up.

Amanda Richards, June 10, 2008

The kids love it!!!!

By Felicity Boothe

Shared this book with children at our local school and they fell in love with Howard B. Wigglebottom. They were quite taken with the message the book conveys. Lots of discussion followed.

Thanks, Howard B.
