From School Library Journal

PreS—After learning how to apologize in *Martha Doesn't Say Sorry* (Little, Brown, 2009), the stubborn little otter returns to master a new lesson. She overuses “mine,” her new favorite word, until she is left performing magic tricks without an audience, putting on puppet shows with only one puppet, and playing Ping-Pong without a partner. Through the gentle encouragement of her parents, Martha realizes that she can have more fun if she shares. The watercolor and colored-pencil drawings, with few props and no backgrounds, focus on each character's body language and facial expressions. Through her scowl, up-turned snout, and raised eyebrows, Martha's feelings should be readily evident to youngsters. The simple story line offers nothing new, but fans of other girly animal characters like Kevin Henkes's Lilly, Ian Falconer's Olivia, and Russell and Lillian Hobans' Frances will gravitate toward the lavender cover and feminine accent font. Rachel Kamin, North Suburban Synagogue Beth El, Highland Park, IL

By Samantha Berger](#) web link that can be downloaded and install directly. So, it will not require more times and even days to position it and also various other books.

MARTHA DOESN'T SHARE! BY SAMANTHA BERGER PDF

Martha has a new favorite word.
And that word is MINE!

Martha has officially mastered apologizing. Unfortunately, she still has a lot to work on when it comes to sharing. And while she doesn't learn to love it, she does discover that having her toys to herself means having to play with them all by herself, too. Not so fun!

This hilarious follow-up to Martha doesn't say sorry! shows readers that sharing isn't all that bad when you take it one (small) toy at a time--like Martha does. It gets easier every day. Well, almost every day.

I would share this book!!!

By Carole P. Roman

Martha Doesn't Share! is a delightful book about an adorable otter named Martha who needs tweaking with her social skills. It seems her most favorite word is "Mine".

When baby brother Edwin asks to play with her toys, she quite emphatically tells him, they are hers and hers alone. Mom and Dad Otter urge Martha to take turns, but Martha stubbornly reminds everyone that the toys belong to her and she goes off to play by herself. While performing magic tricks is fun, it's not as enjoyable without an audience. She realizes the "it's hard to ping when you don't have someone to pong." Martha discovers that her toys by themselves cannot bring her the fun and enjoyment she expects. Martha learns that by sharing, she is guaranteed a playmate and finds an amusing solution to her problem. Loved the ending. It reminded me of a similar outcome when my own baby brother and I learned to share.

Cute illustrations, warm colors and an enjoyable read all the way around.

Great book that helps toddlers learn the importance of sharing

By wanda

This book had many colorful illustrations and the story was simple to understand for both toddlers age children. My 2 year old found it entertaining; she would laugh when Martha said everything was "mine,mine, mine" because she recognized that behavior. The story shows that no one wants to play with Martha when she doesn't share and it can be boring and lonely. My daughter really understood after reading it that sharing wasn't just about being "nice" to others; she also learned sharing made play more fun and benefited her. We loved this book!

Another Amazing Martha Book...YAY!

By freckleface718

I am so thrilled that there is a second Martha book to share with my son! Our first Martha book, Martha Doesn't Say Sorry really helped him to understand the importance of apologizing when we have hurt someone. And now a book on sharing--another HUGE topic in our house right now. I absolutely love the Martha books--they tackle important issues for little ones and help them learn life's lessons in a humorous and compassionate way. Keep 'em coming!!!
