Get the most out of your retirement!

If you're one of the millions of Americans without a pension plan, your retirement years might seem like a huge financial question mark. Pensionless, by U.S. News Senior Editor for Retirement Emily Brandon, addresses the retirement benefits that are available to you, how to use them correctly, and how to avoid potential pitfalls. Learn how to avoid surcharges on your Medicare benefits, how to increase Social Security and employer-sponsored benefits to help pay for retirement, and how to minimize costs and boost the value of your existing retirement benefits. And you'll learn how to tweak your lifestyle now so that you can live well in retirement without the security of a pension.

Inside you'll find ideas on how to get more Social Security by claiming benefits twice, ways to minimize fees and avoid penalties on retirement accounts, and how to inflate 401(k) balances. Featuring an analysis of the significant changes made to Social Security in the recent federal budget, Pensionless will help you enjoy those retirement years you've worked so hard for.

An Excellent Road Map to Understanding Retirement Strategies

By Graham Anthony

No nonsense retirement advice written in a clear, understandable manner. In less than 10 minutes, I was able to comprehend how social security works better than I have been able to from all the other reading I have done on the subject in 30 years. Ditto other seemingly complex retirement issues. Well done!

14 of 15 people found the following review helpful.

Pensionless is a quick read full of useful advice that can be implemented immediately

By Bruno Wu

Pensionless is a quick read full of useful advice that can be implemented immediately. This book had a lot of good advice for people like me who will not have a pension to rely on. It is sprinkled with real world examples from people who have followed some of these advice. Although I've heard of some of these suggestions before (such as reverse mortgages), there are some very thought-provoking advice that I've not considered before. Highly recommend it for people who are thinking about how they can possibly save enough for retirement!

10 of 11 people found the following review helpful.

Excellent resource guide

By Joe Johnson

I'm 61, concerned about the how's, when's, and myriad details of retirement planning. Having modest savings, I know I need to get with the program in step stages-- now. This book was a terrific resource, covering all the key areas to concentrate on- laid out in straightforward fashion. I appreciated the coverage of psychological aspects as well, not just the how-to parts. Thanks to the author!
