Review

I would recommend this to any LGBT family going through divorce with children, as well as any Heterosexual relationship, for Love has no prejudices!! We all hurt equally and so do our children!! This book is simply beautiful!! A promise and explanation of unconditional love that will continue beyond the boundaries of a home being split. As a child who experienced divorce anything close to this to read would have made the situation just a bit less scary. With Purest Love, Thank you Holly Tibbetts!!!

Ruby's Voice is so visually lovely that it could stand alone as a picture book. The artwork is vibrant, and the drawings will surely intrigue even non-readers to ask that the story be read to them over and over again. The brevity of the text and the impact of the art will engage both the child and parent into an opportunity to explore this teachable moment and spark meaningful conversation. And what fun to spend a little extra time on each page and hunt for the whimsical clues i.e. "St. Augustine" embroidered on a beach blanket and peacock feathers as a background to the banner "Free as a Bird". Ruby's Voice addresses what could be a sad and scary topic for any family, LGBT or not, and transforms it into any opportunity to love. Well done, Holly.

A thoughtful and poignant reflection from a creative, dynamic, and insightful individual. Well done, Holly Tibbetts! This will be a treasure for many....

Separation and divorce is hard on everyone. Children are living through this right along with the parents. What a wonderful story to express the feelings of what it's like from a child's perspective.

Divorce can happen in the LGBTQ community and this book can help get your children through it....

This book is great for spouses and children of the LGBTQ family that is going through a separation or a divorce. It is an easy read and helps your children understand that it is not their fault. This book can help ease their pain knowing that no matter what, both parents will still be in their lives even though they are not together.

If you are apart of the LGBTQ community, have children, and are going through a separation or divorce, I highly recommend this book to help ease the pain of your child's(children's) little heart!
