A great tool to surf the transition to 2012 and after...

By Patrice P?lama Julien

Emma Curtis Hopkins was called the "Teacher of the Teachers" because almost all the great names of the "New Thought" have attended her classes Emma Curtis Hopkins: Forgotten Founder of New Thought (Women and Gender in North American Religions). Her way of thinking about the Hidden meaning of the message of Jesus Christ was far too much in advance to be understood in her time...The "hidden meaning" revealed by Emma does not postulate obscure historical facts or esoteric speculations. She only looks literally at the meaning of the words of the Bible. From those words, she show that the Master is channeling very practical rules, easy to follow, to help us remember our immortality NOW. Emma attracts our attention on the practical immediate meaning of the Gospels. She shows the evidence that we are at every moment connected with the Source of all Power, omnipresent, omniscient and omnipresent, now and forever...

Because of her sharpness and the depth of her understanding, her books are not an Easy read...Her "Radiant I AM" Self Treatments Including the Radiant I Am, is a pure gem. It is a less than 20 pages booklet revealing the open secret of the generation of "realities"...But to perceive it's practical meaning we need to go through the filter of thousands of years of false beliefs and erroneous habits...

"Spiritual Law In The Natural World" is the perfect introduction to it and much more...It is clear, practical. It is a "Course in miracles" organized in 12 lessons; six about the building of our inner world and six about the way our inner world generates what we consider to be the "outside reality". The book ends on this : "Realization is the ultimatum of all study, and the test of it is "instantaneous healing". Thus we can see where we stand, and whether there is any further need for work..." This sentence evidences the clearly PRACTICAL objective of the teaching : "Go and perform the miracles of Jesus Christ!"

After the 12 lessons of this "Course in creation" we get as a bonus several spiritual treatments created by

Emma. They may sound too simple to be true but try to think literally about this one : "The sweet Spirit of comfort is all around you. It is through you and in you. You are bathed in Spirit..."Is there best place to be in? If we could just "realize" that it is where we already are...
