8 of 8 people found the following review helpful. Great book By RayH

I read this book several years ago as a part of our small group study. Mr. Morris' story sounds pretty incredible at first -- almost hard for us to believe in our North American culture of "me" first. But since then,

this book has had a dramatic impact on our life. We have started applying the principles Mr Morris teaches, and I can say there is great truth in them. I am now very appreciative of having read this. Now, I highly recommend it to others, and in fact have bought over 12 copies to give away.

I am thankful that Mr Morris would be transparent and share of his life with others.

Excellent!

The best book on why you should tithe. Not for what you can get but giving from the heart without expecting something in return.
