DUDE DUDE DUDE!!!

By Lucian Bane

Have you ever hidden a chocolate candy bar for yourself when you were younger? You kept it hidden and snuck tiny pieces of it every day. While you ate it, you'd have that secret smile and you didn't mind eating it slow because that meant the delicacy lasted longer. You didn't want it to end. I crap you not, that is what it felt like reading RISE OF THE PHOENIX to me.

WARNING. This is a short book. Maybe warning is a stupid word for that but just to let you know, this is like an intro into a series.

So what happened to me while reading this book?

I became an effing WOLF that's what happened. I didn't even realized it until I finished it, either! I'm at the last page and I'm experiencing all the emotions of this kid and his wolf! When his mouth watered over that fresh rabbit meat? Yeah, I was like, damn that actually doesn't sound so bad! Reminded me of the GRAVY TRAIN commercial with the dog food how they make it look so good! hahaha.

I mean listen to me. LISTEN to me. As a writer, I'm naturally critical of all things I read, it's a sickness, I can't help myself. And when I started out, I was nervous. "What if I didn't like it?" being one of my main concerns. I do know the author but I'm not one to lick arse so I would have found a way to be honest and nice about it. Or never got around to finishing the book, had to wash my hair, family member died,

SOMETHING.

But MASON CAN EFFING WRITE! God I want to CUSS, but thanks to amazon, i have to come up with cutsie words.

Where to start. Well, a couple things stood out to me in this little story. It was free of typos (bear in mind I'm fluent in typo so if you should find any, don't look at me!) The editing was CLEAN.

The next thing that stood out was the author's ATTENTION TO DETAIL. Holy crap, this dude is a master at it. From emotions, to setting, he had you THERE. He made you FEEL. You smelled, you felt, you tasted, you heard. Some may find certain parts of this story slow, but NOT to me, I was wrapped up in these details, I was wrapped up in his world, his pain, the external and the internal.

Another thing I really REALLY liked about this story was HOW THE BOY GETS TURNED. Brilliant Mason. I know you must've tossed around countless ideas about how to bring that about and your chosen method to me was perfect. Had me grinning and nodding and saying "Nice. Very nice." Because to me, REALISM is so important in these types of stories, it's the element we want to utilize to tie real to para so well that you begin to look at people differently, begin to look for signs that maybe, just MAYBE there is more that meets the eye, lol.

Needless to say, I finished this story--my chocolate candy-- way too fast, and the first thing I thought was-- NEXT. Dude. just when is the next part coming out??? You have awakened my inner wolf (didn't even know I had that! but i'm down with it lol) and he's hungry and maybe a little agitated and okay, maybe pissed that I might have to wait TOO long.

The last thing I liked about this story was the story world set up. The backstory of how things ended up this way is never said or told (which I like) so all those questions you have in your head as you go, get answered through a flawless weave of clues that your mind puts together. Not so much that you're distracted and confused, but just enough to know you don't know, you want to know, and you will find out as you read.

So excited for the next LONGER book in the series that is coming out SOON (hint hint) lol.

This was a great tease is all I can say. So good that I'm not pissed over it, lol. Only hungry. And prowling. Okay and I may stalk your page now for details and release dates for the next book!

GREAT job.

A gripping new read!

By T. Meerschaert

Mason Sabre's newest entry into the Paranormal/Urban genre is a heartbreaking story of a 13-year old boy who believes he caused his mother's death. He is brutally evicted from his home and wanders for days, scavenging for food, denying the Other inside him who is trying to take over. His search for a place to belong is sad and filled with longing and left me in tears. I understand there is more to come in this series, introducing Others, like the boy. I hope he finally finds the society in which he fits.

Follow a boy & his struggles as he learns to survive the change from the human world to his place as an

“other”. Your heart breaks for him while he loses all his ties, family, possessions, & hope on his journey that leads him to hopeful salvation in this new life.
