# **THE TRUTH-TELLER'S TALE (THE SAFE-KEEPERS BOOK 2)**

## **BY SHARON SHINN PDF**

Innkeeper's daughters Adele and Eleda are "mirror twins"—identical twins whose looks are reflections of each other's—and their special talents are like mirrors, too. Adele is a Safe-Keeper, entrusted with hearing and never revealing others' secrets; Eleda is a Truth-Teller, who cannot tell a lie when asked a direct question. The town of Merendon relies on the twins, no one more than their best friend, Roelynn Karro, whose strict, wealthy father is determined to marry her off to the prince. When the girls are seventeen, a handsome dancing-master and his apprentice come to stay at the inn, and thus begins a chain of romance, mistaken identity, and some very surprising truths and falsehoods.

A magical book

By Reader from Gladstone

"The Truthteller's Tale" and its prequel, "The Safekeeper's Secret" are both wonderful books and, although they are targeted to a young adult audience, I hope that doesn't stop adults (I'm almost 50) from picking up these gems. I've read some of Shinn's other books and, while they are very good, I don't think they have the magic of her young adult fantasy. She creates a world that is absolutely real and the pictures she draws with her words can break your heart (her writing reminds me of Alice Hoffman at times). I find it difficult to read a book where the characters are not sympathetic, no matter how well written. That is definitely not a problem with "Truthteller's Tale." Shinn has populated her little world with the most charming people imaginable. Adele and Eleda are twin sisters, one a Truth-Teller and the other a Safekeeper. They live in the small town of Merendon, and this book describes their friendship with a local merchant's daughter, Roelynn, her brother Micah, and their experiences with various characters, savory and otherwise, who pass through their small town. There are enough plots twists and little mysteries and romances to keep your interest throughout the book. Sharon Shinn must remember her own adolescent years very well, because the emotions and words of her characters ring true. They're enormously likable and very real.

For many years, I never even looked at young adult or children's books because I thought I had "outgrown" them. Then one day I heard an interview with Lois Lowry, which prompted me to pick up "The Giver." From there, I went on to J. K. Rowling, Jonathon Stroud and Libba Bray and returned to some of my favorite authors from childhood (Kate Seredy, Jack O'Brien, Chad Oliver, Madeleine L'Engle). I was reminded of how magical these books are, and how a good book never has a limited audience. "The Truthteller's Tale" is such a book. It deserves a place on the bookshelf with your other treasured books, to be savored and read again and again.

Lived Happily Ever After

By JW

This book is good for kids that like a story that follows the same plot line as the traditional fairy tale with a few twists. Happy endings all around, and mixed up identities told in a way that isn't too funny that it destroys the tale, but makes it interesting. This is different than the first book (the Safe-Keeper's Secret), but has more characters and depth to the story, making it a much better book than the first.

Great Plot; OK Story

By Daniel Roche

Eleda and Adele are twins that contradict their appearances in an interesting way. Eleda is a truth-teller, someone who can only speak the truth and can hear when someone else is not. Adele is a safe-keeper, and will never tell a secret confided to her. The twins lives are written in two parts of the novel, the girls at ages 12 to 16, and the girls at the age of 17. In the 1st part Eleda and Adele go through memories of visits to the queen, summer romances and heartbreaks, their friend Roelynn, and sisterhood fights and bonding. Then at age 17, two interesting strangers come to stay at their father's Inn, starting a sequence of events that change the girls lives completely, and give them quite a number of life lessons in the process!

I liked this book, but it was not my ultimate favorites. I loved the set-up of the story, but the actual story didn't really follow through. I loved the creativity of having two opposite twins, with palindrome names and mirrored appearances. The writing style was fair, it flowed nicely but didn't exactly grab my attention. I wished the author would have involved the girls' gifts more often, that was my favorite part of the book.
